

Reports Available in OnDataSuite to Review Class Roster Fall Data

Navigate to BookMarks (black menu bar, upper left corner in ODS)

Click on LEA Cloud Sharing (left hand side)

In "Search" bar, enter '23-24 CRF'

5 reports are available to run so that teachers can verify their students, campus staff can verify their teachers.

See screenshot below:

The screenshot shows the 'Bookmarks' section of the OnDataSuite interface. At the top, there is a header 'Bookmarks' with icons for help, refresh, and delete. Below the header is a message: 'Ticket support for LEA Cloud Shared bookmarks. Because LEA cloud shared reports may be created at the district or campus level without any input from an OnDataSuite representative, unless an LEA shared bookmark has been created by an OnDataSuite representative, we cannot respond to any ticket requests on these shared reports. If the email associated is an @ondatasuite.com email address, you may submit a ticket with regard to the LEA cloud shared report.'

Below the message, there is a 'Show 10 entries' dropdown and a search bar containing '23-24 CRF'. The search results are displayed in a table with the following columns: Title, Author, Tags, and Date Shared. The first row is highlighted in grey and is the selected entry.
