		If time allows:
		Ed-Fi Live
		         Promotion Logic flowing:
		                  Fall Submission
		                  Charter School Waitlist
		                  Summer Submission (Logic testing)
		                  RF Tracker (Logic testing)

		Just like every other year?? – Promotion Logic: past uploaded interchanges: the data in the interchanges was the data that loaded. Now – raw data in data pond is pulled into ODS and promoted utilizing promotion logic created by TEA. TEA is still working out inconsistencies in logic. Update this Friday, Oct. 4, 2024 - Totals look different than past years, what do I do?
