Entity Description

The SSAOrgAssociationExt entity identifies the Education Service Center (ESC) or Local Education Agency (LEA) fiscal agent(s) and the ESC or LEA member(s) for each type of shared services arrangement (SSA) that exists among two or more ESCs and LEAs.

LEAs or ESCs use SSAs to share the costs of personnel or services when one LEA or ESC cannot justify the cost of employing a specialized staff member, but a group can justify a portion of the salary. Specific guidance is provided in the Financial Accounting and Reporting (FAR) module of the Financial Accountability System Resource Guide (FASRG) and within these data standards for LEAs (as government entities) to record and report the results of operations of SSAs.

Entity Description

The SSAOrgAssociationExt entity identifies the Education Service Center (ESC) or Local Education Agency (LEA) fiscal agent(s) and the ESC or LEA member(s) for each type of shared services arrangement (SSA) that exists among two or more ESCs and LEAs.

LEAs or ESCs use SSAs to share the costs of personnel or services when one LEA or ESC cannot justify the cost of employing a specialized staff member, but a group can justify a portion of the salary. Specific guidance is provided in the Financial Accounting and Reporting (FAR) module of the Financial Accountability System Resource Guide (FASRG) and within these data standards for LEAs (as government entities) to record and report the results of operations of SSAs.
