

## **Summer PEIMS – CTE Data Review**

May 8, 2025

# Today's Workshop

Overview of using OnDataSuite (ODS) Student reporting as it relates to reviewing summer PEIMS CTE data. The CTE folder located under the Student Menu has a vast array of reports available to analyze your CTE program. From district level analysis reports to granular student level reports encompassing all pieces of CTE course data and funding available.

## Objectives:

- provide Student reporting for PEIMS, Counselors, CTE Coordinators, Campus/District Administration

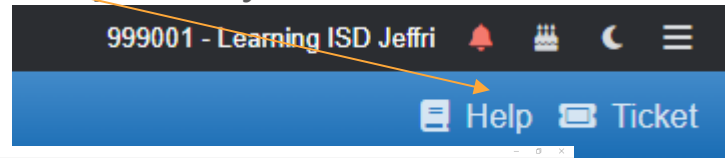

**Please note:** As of 24-25 and Ed-Fi reporting the PEIMS data needs to be flowing into ODS to begin looking at the data and reports.

If any files or data is missing, the reports will still generate but have incomplete, inaccurate, or no data.

# Getting Started - OnDataSuite Training References

- <https://kb.ondatasuite.com/> or by clicking on Help from your OnDataSuite screen in the top right corner

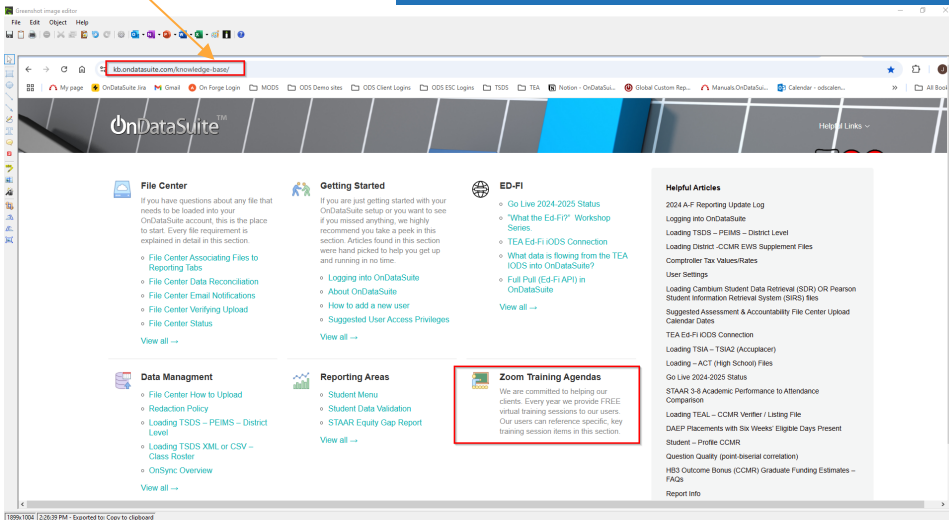

- Training presentation available under
- Zoom Training Agendas

## Zoom Training Agenda's

We are committed to helping our clients. Every year we provide FREE virtual training sessions to our users. Our users can reference specific, key training session items in this section.

OnDataSuite®

# OnDataSuite Knowledge Base

- Select Zoom Training Agendas
  - Select PEIMS – Data Review Items
    - Select CTE Data Review

## CTE Data Review

Focus of this workshop will be on prior year and current year PEIMS CTE (Career Technology Education) data. Specifics include discussion of the CTE Custom Reports, CTE course completion records, CTE transfer courses and other CTE coding for students.

Home > Zoom Training Agendas > PEIMS - Data Review Items

## PEIMS - Data Review Items

Training resources for PEIMS Data Review sessions

## CTE Data Review

Focus of this workshop will be on prior year and current year PEIMS CTE (Career Technology Education) data. Specifics include discussion of the CTE Custom Reports, CTE course completion records, CTE transfer courses and other CTE coding for students.

## Discipline Data Review

Focus of this workshop will be on PEIMS discipline data. Specifics include discussion of the discipline related audit reports, use of custom reports, RDA/DVM reports, and ad hoc report building, as well as setting student expectation goals.

## District 6 Week Data Review

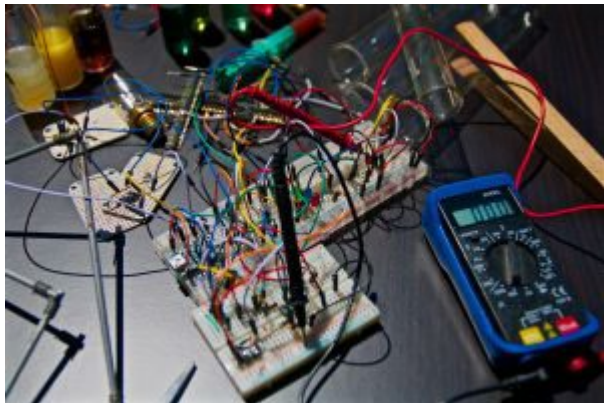

Kelechi Bradley, Sheldon ISD, shares how she is using OnDataSuite to create several specific reports for each program area to review.

## District: Using ODS in Data Verification Process

Julie Juneau, Pearland ISD shares how she is using OnDataSuite to create several specific reports for each program area to review. Create a Fall PEIMS "folder" in bookmarks and share the folder for your program staff to run/verify the data they are responsible to review.

# 24-25 Ed-Fi Data Flowing?

- Steps to ensure you have current year CTE course completion data flowing in ODS:
  - District's SIS sends data to TEA to the district's TEA IODS
  - OnDataSuite pulls new or changed data nightly from your district's TEA IODS (we do not communicate with your SIS)
  - Review all pieces from the Summer API to ensure you have a number other than zero in the "Records" and "Promotion" column (or "Dep" for dependency)

## 24-25 Ed-Fi Entities required for Course Completion

# Student – Student Custom Reports -> CTE folder

- For 24-25 school year, the data found in the CTE reports is pulling from Ed-Fi
- In the File Center, if an entity is showing zero records promoted, you will not have 24-25 information showing on your reports
- Troubleshoot with your SIS vendor as to why data is not flowing to the TEA IODS

# CTE Analysis Report

The screenshot shows the OnDataSuite web application interface. A modal window titled "Report Information" is open in the center, displaying details about the CTE Analysis Report. The modal includes sections for Report Location, Summary, Usage, Special Notes, and Data Source(s). A red arrow points from the "Tools" dropdown menu in the top right corner of the application to the modal window. The background shows the main dashboard with various filters and data tables.

**Report Information**

**Report Location:** Student>Student Custom Reports>CTE

**Summary:** This report displays different areas related to CTE reporting including CTE Codes, CTE Course Enrollment, IBCs, CCMR EWS IBC 2025 & 2024, Programs of Study, and Career Clusters. It displays both counts and percentages for multiple years for comparisons along with drill downs of detailed student CTE data elements.

**Usage:** Use this detailed analysis for CTE coding verification, longitudinal comparisons, and specific grants and data requests.

**Special Notes:**

- All sections, with the exception of the CCMR EWS IBC sections, require a student to have at least one day of enrollment in summer PEIMS.
- When comparing to TEA:
  - the CTE Code and Program of Study sections are the only ones that have full TEA information since these values are uploaded in the File Center>TSDS>PEIMS CTE Student Roster if desired. See [Loading TSDS – PEIMS CTE Student Roster](#) for further information.
  - the CTE Course Enrollment, Industry Based Certification (Post Secondary Certification Licensure), and CCMR EWS IBC 2025 & 2024 sections use the TEA CTE Code of 6 or 7 to tie into the OnDataSuite codes.

**Data Source(s):**

- PEIMS Summer records
  - Interchange Student Extension
    - Student Extension
  - Interchange Student Enrollment Extension

# CCMR and CTE

CCMR - Everything IBC is related to CTE, and it takes into consideration, based on the year, the calculations for that graduating year, so for this year, 2025, they must have passed their IBC to be a concentrator. If you look at the list of names, it should color code to their grade, so 12th graders would have a highlight in the IBC 2025 column and 11th graders in the IBC 2026 column

# CCMR and CTE

CCMR Tracker file part 1 can be loaded now in the file center  
The verifier file will come out in a few weeks.

Then, you can dig data from there by going to the student tab and looking at the CTE coding summary, which would have their Courses, CTE code, and their licensure with results.

The screenshot displays the OnDataSuite web application interface. At the top, a blue navigation bar contains the following links: OnPoint, Dashboards, My Dashboards, Student, Assessment, Staff, Finance, Accountability, Ed-Fi Rules, XML Review, and CRDC. Below this bar, the left sidebar lists various data categories and reports, including 'Not Enrolled on Snapshot', 'CTE Enrollment - Pre 2020-2021', 'Summer PEIMS', 'Attendance', 'Course Completion', 'CTE Career Cluster', 'CTE Attendance Multiplier - Post 2020-2021', 'CTE Flexible Attendance', 'Disciplinary Incidents', 'Flexible Attendance', 'Graduation Program', 'SPED Attendance', 'SPED Flexible Attendance', 'Student Restraint', 'Student Section Association', 'Summer Enrollment', 'Summer SPED Program Enrollment', 'Title I Part A Program Enrollment', 'Truancy', 'CTE Attendance - Pre 2021-2022', 'Extended Year PEIMS', 'Extended Year - Enrollment', 'Extended Year - ESY Services', 'Extended Year - Course Completion', 'Extended Year - Attendance', 'Extended Year - SPED Attendance', 'Extended Year - Flexible Attendance', 'Extended Year - SPED Flexible Attendance', 'Accountability', 'CCMR Early Warning System', 'Child Find', 'Child Find', and 'Class Roster'. The main content area is titled 'Student Custom Reports' and lists several report categories: 'Miscellaneous Validation', 'Summer Limited Scope Attendance Audit Review (TEA Desk Audit)', 'Attendance Reports', 'Average Daily Attendance (ADA) Reports', 'AVID', 'Class Roster', 'Course Completion', 'CTE', 'CTE Analysis', 'CTE Code Demographics Student Counts by Grade', 'CTE Coding Summary', 'CTE Course Demographics Student Counts by Grade', 'CTE Eligible Days and Contact Hours Post 2021', 'CTE Eligible Days and Contact Hours Pre 2022', 'CTE Enrollment by V Code', 'CTE Transfer Courses File Viewer', 'IBC Demographics Student Counts by Grade', 'Program of Study Analysis', and 'Program of Study Demographics Student Counts by Grade'. The 'CTE' and 'CTE Coding Summary' items are highlighted with red rectangular boxes.

Then, taking it to the individual student level in the profile under Summer PEIMS CTE and Seeing an individual's certifications, CTE codes, and service ID with the pass-fail indicator

The screenshot displays the OnDataSuite software interface. The left sidebar contains a navigation menu with 'Student Profile' highlighted. The main content area is divided into two sections. The top section, 'Industry Certifications', shows a table with columns for Year, Submission, Certification Effective Date, Post Secondary Certification License, Post Secondary Certification License Result, IBC Exam Fee Amount, and IBC Vendor. The bottom section, 'CTE and Program of Study', shows a table with columns for Year, CTE Code, ODS Auto Calculated Program of Study, CTE Code, and TEA Upload Program of Study. Below this is a table titled 'CTE Service IDs Considered For Auto Calculation of CTE & Program of Study Codes' with columns for Year, Service ID, Course Seq, Pass/Fail, Credit, Level, Associated Program of Study, Career Cluster, and Transfer Course. The 'Pass/Fail' column is highlighted in red. A 'Report Notes' button is also visible in the bottom right corner of the table area.

# Report Drilldowns

- Each of report has drilldown functionality ([blue hyperlink](#))
  - Some will drill into a student list
  - Some will drill into the respective aggregate report
- Each Report has detailed explanations on data source, calculations, definitions and features under Tools – Report Info menu (upper right)

**Report Information**

**Report Location:** Student>Student Custom Reports>CTE

**Summary:** This report displays different areas related to CTE reporting including CTE Codes, CTE Course Enrollment, IBCs, CCMR EWS IBC 2025 & 2024, Programs of Study, and Career Clusters. It displays both counts and percentages for multiple years for comparisons along with drill downs of detailed student CTE data elements.

**Usage:** Use this detailed analysis for CTE coding verification, longitudinal comparisons, and specific grants and data requests.

**Special Notes:**

- All sections, with the exception of the CCMR EWS IBC sections, require a student to have at least one day of enrollment in summer PEIMS.
- When comparing to TEA:
  - the CTE Code and Program of Study sections are the only ones that have full TEA information since these values are uploaded in the File Center>TSDS>PEIMS CTE Student Roster if desired. See [Loading TSDS – PEIMS CTE Student Roster](#) for further information.
  - the CTE Course Enrollment, Industry Based Certification (Post Secondary Certification Licensure), and CCMR EWS IBC 2025 & 2024 sections use the TEA CTE Code of 6 or 7 to tie into the OnDataSuite codes.

**Data Source(s):**

- PEIMS Summer records
  - Interchange Student Extension
    - Student Extension
  - Interchange Student Enrollment Extension
